EKF Shogo Seminar 2018

Dear national representatives

At the moment there are nearly 60 shogo in Europe. The last six years we successfully held the EKF Shogo Benkyokai in several European cities. These seminars were in form of a benkyokai - workshop. The topics included shooting technique, care-taking aspects and cultural background information.

To further strengthen the bonds between the European Shogo title holders, the EKF shidoiinkai encourages the member federations to attend another shogo seminar at the Waseikan Kyudojo in Nepi in Rome in the autumn of this year.

It is therefore with great pleasure that we send you the invitation to this year's EKF Shogo Benkyokai.

Attached please find the detail information on the event, the application form and the summary sheet.

Please return by mail the summary sheet to the local organiser, Giorgio Lucchesi, President of Accademia Romana Placido Procesi (accademiaprocesi@gmail.com) with a copy to EKF Secretary General, Ringa Baltrusaite, (ringa@kyudo.lt).

We are looking forward to welcoming you in Rome in September.

Kind regards

Gérald Zimmermann
EKF President
